

Participation in CLA's High School Program By Home Schoolers

1. **Application Process:** All candidates should fill out a student application (part-time format) and have an initial meeting with the administrator or principal. Applicants must meet the same guidelines as do full time students.

2. **Attendance/Records:** Attendance records will be kept and quarterly grade reports will be provided. High school credits will be earned for creditable courses. Early arrivals and late pick-ups should wait in a designated waiting area. Home school students will be responsible for following all regular student conduct and dress code policies.

3. **Cost:** There is a \$50 registration fee. Typically, non-consumable textbooks can be used at no additional cost. The course cost for each quarter is payable at the start of each quarter:
